

Fraud Review Policy

NorthStar Commerce — Customer Operations | POL-CX-003 | type=fraud | v1.0 | status=active

1. Purpose & Scope

This Fraud Review Policy ("the Policy") governs how NorthStar Commerce Customer Operations identifies, investigates, and resolves fraud-related situations across all sales channels (web, mobile app, phone, email, partner marketplace). It applies to all consumer and small-business orders fulfilled through NorthStar distribution centers and approved third-party carriers. The Policy is binding on all customer-operations agents, team leads, quality reviewers, and automated resolution systems. Any deviation requires documented approval from the CX Policy Team and is logged for audit. The Policy is reviewed quarterly and supersedes any prior guidance on the same subject matter.

2. Definitions

Resolution. The action taken to close a claim: refund, replacement, credit, or escalation.

Clean claim history. An account with no prior refund abuse flags in the trailing 12 months.

Goodwill credit. Discretionary store credit issued to preserve customer satisfaction.

Escalation. Routing a claim to a human agent or specialist team for review.

SLA. Service-level agreement defining the maximum time to act on a claim.

FRAUD-REVIEW — Mandatory Human Escalation

Escalate to a human for fraud review before any refund or replacement when: order value is above \$150; the customer has 3 or more prior refund claims; or the account is younger than 30 days.

Review Procedure

Verify delivery details and signature data, compare shipping address against account history, and check payment and chargeback signals. Record every outcome for pattern analysis.

4. Procedures

Agents follow these steps for fraud claims: (1) verify the customer's identity and account standing; (2) retrieve the order and carrier signal; (3) confirm the claim against the Detailed Rules above; (4) check the Exceptions section; (5) apply the resolution or escalate; (6) record the rule code and outcome.
