

Refund & Replacement Policy

NorthStar Commerce — Customer Operations | POL-CX-001 | type=refund | v1.0 | status=active

1. Purpose & Scope

This Refund & Replacement Policy ('the Policy') governs how NorthStar Commerce Customer Operations identifies, investigates, and resolves refund-related situations across all sales channels (web, mobile app, phone, email, partner marketplace). It applies to all consumer and small-business orders fulfilled through NorthStar distribution centers and approved third-party carriers. The Policy is binding on all customer-operations agents, team leads, quality reviewers, and automated resolution systems. Any deviation requires documented approval from the CX Policy Team and is logged for audit. The Policy is reviewed quarterly and supersedes any prior guidance on the same subject matter.

2. Definitions

Claim. A customer-reported issue requiring a resolution decision.

Resolution. The action taken to close a claim: refund, replacement, credit, or escalation.

Clean claim history. An account with no prior refund abuse flags in the trailing 12 months.

Goodwill credit. Discretionary store credit issued to preserve customer satisfaction.

Escalation. Routing a claim to a human agent or specialist team for review.

SLA. Service-level agreement defining the maximum time to act on a claim.

Carrier signal. Tracking event reported by the shipping carrier (e.g., delivered, in transit).

3. Detailed Rules

REFUND-LOWVAL — Low-Value Delivered-Not-Received

Orders under \$100 marked delivered by the carrier but reported as not received may be refunded or replaced automatically when the customer has a clean claim history. No manager approval is required.

REPLACE-PREFERRED — Replacement Preferred Over Refund

For delivered-not-received claims on items under \$150, a replacement order is preferred over a cash refund to preserve revenue. Offer a refund only if the item is out of stock or the customer explicitly requests one.

4. Procedures

Agents follow these steps for refund claims: (1) verify the customer's identity and account standing; (2) retrieve the order and carrier signal; (3) confirm the claim against the Detailed Rules above; (4) check the Exceptions section; (5) apply the resolution or escalate; (6) record the rule code and outcome. Steps must be completed within the SLA defined for this policy type.

6. Exceptions & Edge Cases

- Orders flagged by the fraud system are always escalated regardless of value.
- Clearance (CLR-) and final-sale items are excluded from standard resolutions.
- International orders are additionally subject to the Customs & Duties Policy (POL-CX-019).
- Repeated claims from the same account within 30 days trigger a manual review.
- Gift-card-funded orders are refunded to store credit, not the original tender.
